

THE
TRUSTED
EXHAUST
CHOICE

Off-Highway OEM Solutions

Auto-jet₊
MUFFLER CORP.

SEARCHING FOR THE PERFECT EXHAUST SYSTEM SUPPLIER **SHOULDN'T BE EXHAUSTING**

Auto-jet has been prototyping and manufacturing exhaust systems for more than 50 years, serving many of the world's largest off-highway equipment manufacturers. The expertise is unmatched, and with complete capabilities from design and fabrication through warehousing and shipping logistics, Auto-jet is the clear choice for projects of any size.

- Factory-direct pricing
- Design, prototyping, mandrel bending, fabrication and more
- Proven expertise

Part of our commitment to quality is the use of American-made steel.

Count on Auto-jet's experienced staff to meet your specifications on time and on budget.

ALWAYS **FAST.** ALWAYS **GREAT.**

Prototypes delivered in three weeks is unheard of in the industry — unless you're working with Auto-jet. We're large enough to meet your needs, yet small enough to stay nimble and flexible. That allows us to deliver top-quality solutions — we never take shortcuts — with short lead times. We're committed to meeting your needs for both timing and precision quality.

Think Auto-jet First

We're ready to prove that Auto-jet delivers top-quality exhaust systems, fabrication and mandrel tube-bending quickly and accurately.

Call us today at 800-247-5391 or learn more at Auto-jet.com.

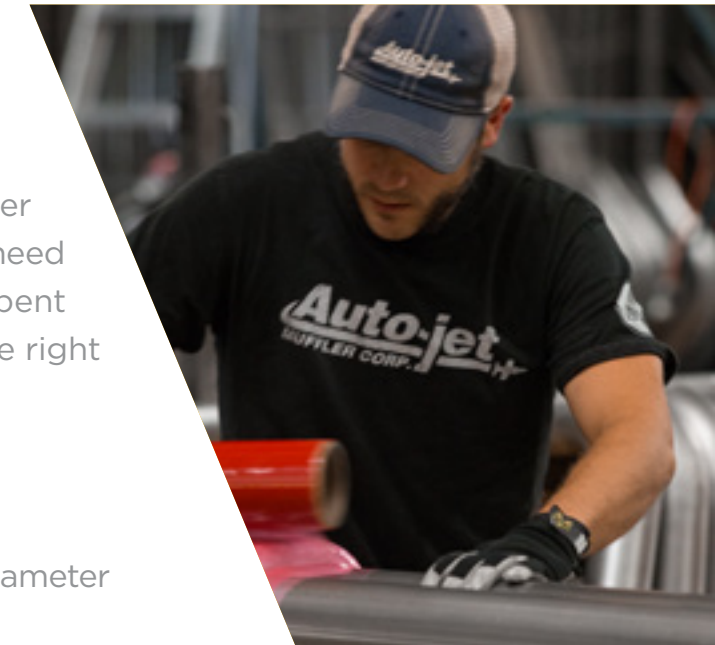

Part of our commitment to quality is the use of American-made steel.

Auto-jet's machinery capabilities include a FaroArm measuring machine for precision quality, CAD comparison, dimensional analysis and more.

Full Capabilities

Auto-jet offers complete solutions. So whether you need a full system built to your specs, need help with design, or simply need a tube bent in a unique configuration, Auto-jet is the right choice. We do it all.

- Systems built to your specs
- Can bend pipes up to 6" diameter
- Straight pipe available up to 8" diameter
- Highly experienced staff
