

Hello,

2020 has been a year of challenges for our country and especially for school systems. On behalf of the team at Auto-jet, our thanks go out to everyone on the front lines of the COVID-19 crisis and our thoughts are with all affected by today's issues.

We also want you to know that we're here for you as you rush to meet the demands of a new school year. As an essential supplier, Auto-jet quickly initiated detailed safety protocols in our facilities in order to maintain operations to serve our customers. As the country's number one choice for school bus exhaust systems and a valued resource for radiators, DPFs, EGRs, fuel tanks and more, it's important to us to be ready to meet your needs quickly and safely.

- We've increased our inventory levels to ensure you can count on us for same- and next-day shipping of your parts. As an American company located in the heart of the country, we can get parts anywhere quickly. You'll never have to worry about the supply chain issues common to foreign suppliers.
- We've also upgraded our website — **auto-jet.com** — for easy online ordering. You can even get discounted pricing by establishing an account.
- And, of course, you can reach us anytime at **800-247-5391** to speak with one of our experts about your exact needs.

There's sure to be a flurry of activity as you get ready for the next school season. We're here to help make it easier. Give us a call at **800-247-5391** or visit us online at **auto-jet.com**.

Sincerely,

A handwritten signature in black ink that reads "John Rapp".

John Rapp, President

FREE SHIPPING SPECIAL!

To help with budgets during these times, we're offering free shipping on all orders of \$500 or more placed through August 31, 2020.
